

## QUALITY. EFFECTIVENESS. DEPENDABILITY.

Looking for quality products and parts for your facility? G & R Controls is your one-stop shop!

Our 15,000 square-foot warehouse is fully stocked with new products and a wide variety of replacement parts. Please refer to the back of this insert for a listing of the current product lines we represent.

Our extensive inventory includes a large variety of boiler-burner and hydronic parts, temperature control parts, HVAC repair-replacement parts and related accessories. If we don't have what you need in stock, our experienced staff will find it and get it to you the quickest way possible.

So, whether you need parts, a quote, or just some advice — call or stop in and see us. Our staff is here to assist you!

*"I can always find the parts I need with G & R Controls. Not only that, but parts help is only a phone call away. That's important to a busy hospital. Whenever I call, it's nice to talk with their knowledgeable, experienced staff."*
